

PC 7

Priced at \$595, the PC7 Portable Air Conditioner helps cool individual people in “hot spots” to keep them comfortable as well as cool individual pieces of heat-sensitive office equipment to protect against loss of data.

Both winter and summer temperatures create unique cooling needs. Heating buildings and offices during the winter can create “hot spots” leaving particular areas uncomfortable. And during hot summer months, individuals in small businesses and offices that do not have central air conditioning have a tough time keeping their cool. With the PC7, MovinCool offers an affordable portable air conditioner solution to any individual person, space or equipment in need.

- Ideal for localized hot spots
- 9,000 Btu/h of cooling
- Ultra-low power consumption
- Whisper-quiet performance
- Easy-to-use digital controls
- Full function remote control
