CONNOR Institute is pleased to offer this new, combination course to busy professionals. For considerably less than the cost of taking these 2, single-day classes separately, you can now satisfy the training requirements of BOTH the New Jersey Lead Regulations Certification (N.J.A.C. 5:10-6.6(g)1), AND the EPA Certified Renovator (24 CFR Part 35 & 40 CFR Part 745) – *and spend only 1 day doing it!*

To enroll visit, www.connorinstitute.com, click the find classes tab or call us at 443-322-1220 for more information about this and other training courses.
