Pinguino Professional

NOT SOLD IN RETAIL STORES

DeLonghi Pinguino professional air conditioners are an innovative way to cool residential or work space. 10,000 Btu/h available.

PAC-T100P (10,000 Btu/h)

Professional air-cooled, completely self-contained. This unit never requires the addition or removal of water. The condensate created in the cooling process is cleverly used to enhance capacity of this small, but powerful portable unit. With an optional second hose the condenser's cooling air is taken from the outside increasing the efficiency. A window adapter kit is included with all PAC-T100P units and is provided with 24" lengths of ducting. Kits easily fit most windows and complete set-up in minutes. 115 Volt unit / 9.2 Amps. Dimensions: 19.5" W x 16.14" D x 37" H

**UNIQUE DESIGN REQUIRES
NO CONDENSATE TANK OR PUMP**

Standard features:

Steel cabinet
24 hour timers
LED Display
